

## DONATIONS

This list is suggestive; however, we invite you to use your creativity and ask us if you are not sure a material would be appropriate. There are endless possibilities that are not listed above. We appreciate your willingness to help us find materials that teachers and children can use in classrooms and that families can use with their children at home. We support open-ended play with loose parts and you are aiding in our mission. We are looking to keep your excess materials out of the landfill and to keep open-ended play safe for children.

We appreciate donations of:

Cloth	Metal	Nature Materials and Wood	Paper	Plastic
